

PATIENT NAME: \_\_\_\_\_

## STARTING AT AGE 50, YOUR RISK OF SHINGLES SHARPLY RISES

You are at increased risk of shingles due to (check all that apply):

- ☒ 50+ YEARS    ☐ ASTHMA    ☐ COPD    ☐ CARDIOVASCULAR CONDITIONS\*  
☐ DIABETES    ☐ CHRONIC KIDNEY DISEASE    ☐ OTHER \_\_\_\_\_

(Other reason determined by your pharmacist)

COPD=chronic obstructive pulmonary disease.

\*Cardiovascular conditions include heart disease, heart failure, hypertension, hyperlipidemia, stroke, atrial fibrillation/flutter, and other cardiovascular disease.

## UNDERSTANDING THE IMPORTANCE OF SHINGLES PREVENTION

### What is shingles?

Shingles is a **painful, blistering rash** that can last for weeks and disrupt work, sleep, and time with family. Shingles is caused by the same virus that causes chickenpox. The virus stays inside your body after you have chickenpox and can reactivate at any time, causing shingles. **More than 99% of people 50 years and older** have the virus that causes shingles inside them. One in 3 people will develop shingles in their lifetime.

### What is SHINGRIX?

SHINGRIX is an **FDA-approved vaccine** for the prevention of shingles (herpes zoster) in adults 50 years and older. SHINGRIX is not used to prevent chickenpox.

### What should I know about SHINGRIX?

SHINGRIX demonstrated outstanding efficacy. In clinical trials, SHINGRIX was proven to be **more than 90% effective** in preventing shingles in adults 50 years and older who completed the 2-dose series.

Get the **full protection** offered by SHINGRIX by completing the 2-dose series.

The **most common side effects of SHINGRIX** are pain, redness, and swelling at the injection site, muscle pain, tiredness, headache, shivering, fever, and upset stomach.

### What does SHINGRIX cost?

**\$0 for almost everyone:** \$0 with Medicare Part D and \$0 for 98% of privately insured people.<sup>†</sup>

Learn more about shingles at [SHINGRIX.com](https://www.shingrix.com)

<sup>†</sup>Coverage and cost may vary and are subject to change without notice. Reimbursement decisions are made by individual insurance plans.

### Important Safety Information

- You should not receive SHINGRIX if you are allergic to any of its ingredients or had an allergic reaction to a previous dose of SHINGRIX

Please see next page for additional Important Safety Information about SHINGRIX.
